

Enter Finland for Counsels and Representatives

Enter Finland for Counsels and Representatives is an e-service intended for attorneys, counsels, guardians and representatives of applicants. Please note that a customer can only have one counsel and one representative at a time in the service.

Use Enter Finland to:

- follow the status of your client's application;
- send documents and information;
- receive requests for additional information and reply to them;
- request access to documents in the matter.

Start by creating an account

To start using the service, log in to Enter Finland for Counsels and Representatives and open an account. You can activate the service at any point of the application process, from after submitting the application to the matter becoming final, in other words until it is no longer possible to appeal against the decision.

If there are technical issues that you cannot solve on your own, you can contact esupport@migri.fi.

More detailed instructions for using the service are available at enterfinland.fi. See also our video with instructions for using the service: migri.fi/en/videos#EF
