Application for employer certification

① Use this form to apply for employer certification. For more information about the certification of employers, see migri.fi/employer-certification.

Employer certification requires that during the three years preceding the application:

- the employer's equity has been positive each year;
- the confirmed financial result of the employer has been positive at least one year;
- the annual turnover of the employer has been at least one million euros on average;
- employees working for the employer have been granted at least ten work-based residence permits, of which at least three have been extended permits.

In addition, employer certification requires that the employer has met and will be able to meet the obligations of an employer. Additionally, the company's terms of employment must comply with the provisions in force and the relevant collective agreement. If no collective agreement is applied, the terms of employment must correspond to those applied to employees in the labour market doing similar work. The employer must also verify that the employee meets the requirements if the work requires specific qualifications, a licence or an accepted state of health.

① The application for certification is subject to a processing fee as provided in the decree on fees. Pay the processing fee into the bank account of the Finnish Immigration Service before you submit the application.
