## RESIDENCE PERMIT APPLICATION FOR EMPLOYMENT

This application form is for you if you are coming to Finland to work for a Finnish employer or other employer operating in Finland and you have signed an employment agreement or accepted a binding job offer. With this application form you can apply for a residence permit on the basis of employment, if there is no separate application form for the work in question (see forms OLE\_TY1/Residence permit for an employed person, OLE\_TY2/Special expert, OLE\_TY3/Internship and OLE\_TY4/Sports or coaching). You can apply for a residence permit with this application form if you, for example, are coming to Finland to work for an association or to work professionally in science, culture or the arts or you have received a degree in Finland or you have finished your research work in Finland.

You can apply for a residence permit with this application form also if you are transferred internally to Finland within a company or group of companies to work as a manager, specialist or trainee employee, and you have the competence and education required of the job in question. If you have been issued a residence permit on the basis of intra-corporate transfer by another EU country, you may apply for a permit for long-term mobility (Mobile ICT).

Carefully fill in and sign the application. Incomplete information will delay the processing of the application and may lead to its rejection.

An application may be submitted to a Finnish diplomatic mission abroad or at a service point of the Finnish Immigration Service in Finland. A processing fee will be collected when the application is submitted, according to the Decree on charges. Read the instructions for filling in the form at [www.migri.fi](http://www.migri.fi). Clarifications that you need to append to your application are listed in Section F of this form.

### 11 Population register and personal identity code

When you are granted a residence permit by the Finnish Immigration Service, your personal information will by law in most cases be recorded in the *Population Information System*. You will also be issued a *personal identity code*.

The Population Information System is Finland's electronic population register. Its contents are available to all Finnish authorities. Some of the data can also be disclosed to private persons or entities. The register is kept by the Digital and Population Data Services Agency. The personal information in the register is stored permanently.

A personal identity code is a means of identification used in Finland. No two persons can have the same personal identity code. The code consists of 11 characters and is based on your date of birth and your gender (example: 131052-308T). Being issued a personal identity code gives you no rights or obligations in Finland. You will usually need it when you contact public authorities, because it gives them access to your information in the Population Information System. Also for instance employers, banks or phone operators may need to know your personal identity code.

At this stage, the following personal information will be recorded in the Population Information System: your name, gender, date of birth and your citizenship as well as your mother tongue, address and occupation.

More information on the processing of personal data recorded in the Population Information System can be found in the Data Protection Description available at [www.dvv.fi/en/data-protection](http://www.dvv.fi/en/data-protection). You may also request a paper copy from the Finnish Immigration Service or from the Finnish mission (embassy or consulate) to which you return this application.
