

I am thinking of...

- » returning home.
- » I want to continue my life.
- » I want to return with dignity.
- » I want to benefit from the assistance if possible.
- » This could be the best option for me.

I want to...

- » find a place to live
- » work or study
- » start a business
- » get support to continue my life

I can be assisted in

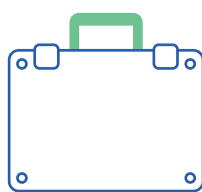

- » getting the travel document
- » get the tickets

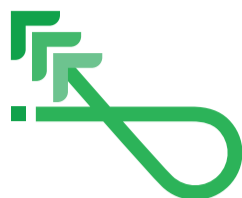

- » travel all the way to my city in my return country
- » get help with medical or other needs

I can continue my life

- » I can get cash assistance
- » Or I can get assistance in
 - » finding a job
 - » starting a business
 - » beginning or completing my studies
 - » renting a place
 - » getting healthcare

What can I do next?
