RESIDENCE PERMIT APPLICATION FOR THE SPOUSE OF A FOREIGNER RESIDENT IN FINLAND

This form is for you if you are applying for your first Finnish residence permit on the basis of family ties. Your spouse has a Finnish residence permit and you intend to move to Finland and to lead a family life with him/her. Your spouse is your husband/wife, your registered partner of the same gender or a cohabitee with whom you have lived in a marriage-like relationship for at least two years, or with whom you have joint care of a child.

In addition to this form, your spouse must fill in the form PK1_plus to respond to questions concerning family ties. Enclosing the clarification form with the application proper will make processing of the application quicker.

Carefully fill in and sign the application. Incomplete information will delay the processing of the application and may lead to its rejection.

An application may be submitted to a Finnish diplomatic mission abroad or at a service point of the Finnish Immigration Service in Finland. A processing fee will be collected when the application is submitted, according to the Decree on charges. Read the instructions for filling in the form at www.migri.fi.

Clarifications that you need to append to your application are listed in Section F of this form.

9 Population register and personal identity code

When you are granted a residence permit by the Finnish Immigration Service, your personal information will by law in most cases be recorded in the *Population Information System*. You will also be issued a *personal identity code*.

The Population Information System is Finland's electronic population register. Its contents are available to all Finnish authorities. Some of the data can also be disclosed to private persons or entities. The register is kept by the Local Register Offices and the Population Register Centre. The personal information in the register is stored permanently.

A personal identity code is a means of identification used in Finland. No two persons can have the same personal identity code. The code consists of 11 characters and is based on your date of birth and your gender (example: 131052-308T). Being issued a personal identity code gives you no rights or obligations in Finland. You will usually need it when you contact public authorities, because it gives them access to your information in the Population Information System. Also for instance employers, banks or phone operators may need to know your personal identity code.

At this stage, the following personal information will be recorded in the Population Information System: your name, gender, date of birth and your citizenship as well as your mother tongue, address and occupation.

More information on the processing of personal data recorded in the Population Information System can be found in the Data Protection Description available at www.vrk.fi/en/data-protection. You may also request a paper copy from the Finnish Immigration Service or from the Finnish mission (embassy or consulate) to which you return this application.
